The North Simcoe Muskoka Local Health Integration Network (LHIN) is one of 14 local organizations in Ontario that plan, coordinate and fund local health services and deliver high quality home and community care to patients and families. The North Simcoe Muskoka LHIN is committed to health improvement, innovation, and the establishment of collaborative partnerships to improve population health, patient experience and value for money across the health care system.

LHIN staff incorporate the best aspects of teamwork and continuous learning as they work with the local community to ensure the best health outcomes for everyone. If you have a passion for excellence and an entrepreneurial spirit, this is your opportunity to make a difference as part of a dynamic team transforming the Ontario healthcare system.

Learning and Development Specialist

This full-time opportunity leads and supports quality care outcomes through educational program planning, development, facilitation, delivery and evaluation. In addition, the role is responsible for orientation and learning solutions for employees to maximize their skills and abilities. These duties will assist the organization to fulfill its organizational commitments while interfacing with all levels of management and external partners in an environment of constant change.

Your qualifications include:

- Regulated healthcare professional with a baccalaureate degree required.
- Member in good standing with a regulatory body in Ontario is required.
- Adult learning certification with experience in facilitating training sessions.
- Minimum of three years of community health or related experience.
- Proficient in the use of InterRai and CHRIS.
- High level of technical and computer skills.
- Proficiency in French is an asset.

To apply for this position, state “LEARNING AND DEVELOPMENT SPECIALIST" in the subject line of your email and send with your résumé to nsm.careers@lhins.on.ca .

The LHIN is governed by the requirements of the *French Language Services Act* and therefore encourages applications from French-speaking candidates.

The LHIN is committed to accommodating people with disabilities as part of our hiring process. If you have any special requirements during the recruitment process, please advise Human Resources.

We thank all applicants who take the time to apply, however, only those invited for an interview will be contacted.

As part of the mandatory screen process the LHIN requires professional references, verification of academic training, professional accreditation, plus a current criminal records check.
