

North Simcoe Muskoka LHIN Wound Management Standardization Strategy

Collingwood Working Group Meeting
August 24, 2010

Attendance: Kim Byberg, Sunset Manor; Teresa Lougheed, CGMH

Regrets: Gaynor Edwards, GBFHT; Bev Morris, Bayhaven; Susan Jacque-Blackman, Collingwood Nursing Home

1. **Welcome**

2. **Wound of the Month**

Joanne confirmed the plan for September and October schedule, about the use of dry dressings in wound management and best practice management of skin tears. 30 minutes sessions, in a brown bag drop in, or coffee break format, will be delivered by Joanne vanRennes. Handouts will be provided. Working groups will get copies of confirmed schedule and Practice Point documents that they can use for point of care education with their staff. Stakeholders are encouraged to touch base with their Industry supports, regarding any further education or information needed, on these topics.

Action:

Final schedule and documents to be forwarded by end of month, by Joanne.

3. **Pressure Redistribution Resource**

Kim shared regarding a recent in-service she attended by Shoppers Home Health regarding pressure ulcer prevention and management using surfaces. She shared a great algorithm that has been developed to assist facilities to select the right surface for the right clients

Action:

Joanne to attempt to locate algorithm and resource material for posting to the Wound Management strategy web site.

3. **Meeting Close**

Meeting adjourned at 1100am.

4. **Next Meeting**

Tentative for November, following Wound of the Month activities.
