

## North Simcoe Muskoka LHIN Wound Management Standardization Strategy

### Orillia Working Group Meeting July 8, 2010

**Attendance:** Paula Lambert, Bayshore Home Health; Grizelda Paterson, Trillium Manor; Sonya Mah, OSMH

**Regrets:** Anne Henderson, Bob Rumball Home for the Deaf; Shannon Russell, Leisureworld Orillia.

#### 1. **Welcome**

Again the group was encouraged to raise names of any colleagues that may have an interest in joining the steering committee.

#### 2. **Prevalence Activities**

Joanne shared the slide deck that was presented at the all stakeholders meeting on June 15<sup>th</sup>. This presentation described a 'rolled up' view of the prevalence results per sector in NSM. Each facility present received their copy of their prevalence data results, with the ability to compare themselves to the overall results from their specific sector. Joanne orientated the group on reading the report and interpreting the graphs, as well as encouraging the group to share this data with their front line staff.

#### 3. **Wound of the Month**

The group confirmed the plan to make this fall 2010, about the use of dry dressings in wound management and best practice management of skin tears. The plan is to focus their discussions with staff on these topics, using their prevalence data as a teaching aid. In addition, there is a plan to focus some ½ day education sessions on these same topics.

##### Action:

Joanne to email industry partners to encourage them to contact their customers and talk to them about supporting this topic this fall.

#### 4. **Meeting Close**

Meeting adjourned at 11am.

#### 5. **Next Meeting**

August 19<sup>th</sup> at 0930-11am, Trillium Manor in Orillia.
